DESCRIPTION

The Scandik bench comes in a backless version, featuring a seat crafted from perforated sheet metal. It is built with either stainless steel or carbon steel, both galvanized and painted in a customer-specified RAL color.

Designed for contemporary urban settings, the Scandik bench is perfect for office building patios, parks, promenades, streets, commercial properties, and train station environments. The Scandik collection includes: benches, waste bins, planters for shrubs and trees, tables, seating solutions, and a solar charging station.
